

Buffalo, N.Y. May 5th 1887

Director U.S. Mint

Philadelphia Pa

Dear Sir

Will you kindly inform us whether any Eagles were coined in 1799 with face & back as per enclosed print. This weighs as much as a ten dollar gold piece. This coin has no value mark on either side as you will see.

The records of the mint will probably show how many of these coins were made. If not too much trouble favor us with your reply.

Yours Truly
Warner, Telling & Warner

Inquire whether any
Eagles were coined in
1799. & how many.

17,483 Eagles were issued during
the Calendar year - 1799.

They did not bear the denomination.
They were heavier, and of finer gold
than the present Eagles, and
60 cts. more intrinsic value.

They are Common, and of no
numismatic value.
